

QUALITY POLICY

KM Engineering aims to provide defect free products and services to its customers on time and within budget. We aim to maintain strong customer focus and enhancement of long-term sustainability and profitability within KM Engineering; we endeavour to do this by:

Operating and adhering to the Quality Management System (QMS), in accordance with ISO 9001:2015, legal and other requirements

The Management Team will show leadership and commitment, and bear the responsibility for implementing, integrating, and maintaining the Quality Management System

Ensuring sufficient resources are made available within KM Engineering to achieve this, ensuring through communication, engagement, practical example and training that Quality is the aim of all members of KM Engineering

Through direction and support; each employee will have a proper understanding of the importance of the Quality System function, their responsibility to contribute to its effectiveness, and its direct relevance to the success of KM Engineering

Implementing a QMS that demonstrates that all KM Engineering staff are committed to continual improvement, customer care, staff wellbeing, equality, and diversity

Equally, every employee is responsible for, and will be trained to perform the duties required by their specific role

KM Engineering will promote continual improvement and setting of Quality Objectives in line with the framework laid down within ISO 9001:2015 Standard. These objectives will address the risks and opportunities within KM Engineering as determined by Senior Management

We hereby certify that this Quality Manual and the Standard Operating Procedures Manuals accurately describes the Quality System in use within KM Engineering to meet the requirements of ISO 9001:2015

The Quality System will be monitored, measured, evaluated, and enhanced regularly under the Senior Management's ultimate responsibility, with regular reporting and communication of the status and effectiveness at all levels

Planning and implementing changes appropriately and effectively to ensure the integrity of the QMS is maintained.

This statement will be made available to all interested parties. It will be displayed prominently throughout KM Engineering premises and on our website. It will be reviewed on a regular basis as part of the Management Review.
